

Multimedia Consent Form

When your child enrolls in our school, we kindly request your permission to take photographs and use them on our school website and in various publications. If you wish to change this permission at any time, please submit your request in writing.

We take pride in sharing the activities and achievements of our students both at school and within the wider community. For example, we would like to:

- Include pictures in class blogs when children go on school trips to allow you to share in their experiences.
- Celebrate children's achievements visually in the school newsletter, which is posted online, requiring consent for use on our website.
- Display children's work, which will only be identified by their class.
- Post photographs of your child on our social media platforms, such as Instagram, without naming them if you consent.

Further details can be found below. If you have any questions regarding multimedia consent, please contact the school office.

From time to time, we may take photos of students at school. These images could be used in our school prospectus or other printed publications, as well as on our website or displayed on project boards within the school. We may also create video or webcam recordings for educational purposes, such as school-to-school conferences or monitoring.

Occasionally, the media may visit our school to photograph or film notable events, including visits by dignitaries. Although students may appear in these images, they could be published in local or national newspapers or televised news programs.

To comply with data protection legislation, we need your permission before we can photograph or record your child for promotional purposes. Please answer the following questions overleaf.

Rest assured, the information you provide will be securely stored and processed within the European Economic Area (EEA) and will only be used to confirm your permission for the use of this material. We will retain images in accordance with Hampshire County Council's retention schedule, which lasts for 5 years from the time you sign or until your child leaves the school.

You may withdraw your consent at any time by providing written notice. Please be aware that the press may have some exemptions from data protection legislation and may include the names and personal details of children and adults in their media coverage.

My child's photograph can be used in printed publications that we produce for promotional purposes or on project display boards.

Yes No

My child's image can be used on our website. Yes No

We may record your child's image on video or webcam. Yes No

I am happy for my child to appear in the media. Yes No

I am happy for my child to appear on Social Media e.g. Instagram, Facebook

Please be aware that once images are uploaded, they will be governed by the terms and conditions of the respective social media platform. Neither you nor the school can control how these images may be used, modified, or reproduced, either by the platform itself or by the public. Additionally, please keep in mind that websites can be accessed globally, not just within the United Kingdom where UK law applies.
